## 4 MORE MILITIA REGIMENTS CALLED TO COLORS

### RED CROSS DAY IS NEXT WEEK SATURDAY, TO CANVASS CITY

Every Person In Santa Ana to Be Given Chance to Join the Society

### BIG MASS MEETING FOR THURSDAY WEEK

Details of Class Work to Be Arranged After Membership Is Secured

Red Cross Day in Santa Ana will be Saturday, April 7. A Red Cross mass meeting, preliminary to Red Cross Day, will be held Thursday evening, 8 p. m., April 5, at Elks' hall.

The executive committee of the Santa Ana Branch of the Red Cross is expecting to have at least 1000 members by sundown of Red Cross Day.

Membership—that is the first thing to be secured by the Santa Ana Branch of the American Red Cross. This was the decision at the meeting of the executive committee yesterday afternoon at the office of the president, Walter Eden. After a big membership is secured, class work organizations will be secured as quickly as possible.

The Santa Ana Red Cross plans to be an active, efficient body. Energy is to be put into the first big undertaking of the organization. The undertaking is to get a membership of at least 1000 men and women of Santa Ana.

Widespread Interest

There is a widespread interest in the Red Cross plans here in Santa Ana. "I want to help," has become a familiar statement.

Two examples of the enthusiasm with which the proposal to go ahead with Red Cross plans here were recorded yesterday when a committee of three from the Women's Relief Corps, headed by its president, Mrs. B. Walker, appeared at the meeting of the executive committee.

"This is right along the line of relief work for which the W. R. C. stands," said Mrs. Walker, "and our organization will do everything possible to help the Red Cross."

John Holt, formerly of Tustin, said that another organization that can be counted upon to aid the Red Cross is the Canton of the Odd Fellows. Holt volunteered to make a canvass of Tustin for Red Cross membership.

Concentrate Effort

Work for a big membership are to be concentrated upon a day of culminating effort. The books are open for memberships now. The secretary, Dr. John Wehrly, has blanks that will be distributed to persons desiring to do work now in the membership campaign.

The big day is to be Saturday, April 7. It is planned to give everybody in Santa Ana a chance to join the Red Cross. It is not the wish of the executive committee that any person be slighted.

The preliminary meeting on Thursday evening, April 5, will be held at 8 o'clock, after the prayer meetings at the various churches are over. A musical program will be arranged by Mrs. C. A. Gustlin and Mrs. S. H. Finley, members of the executive committee. S. M. Reinhaus and J. N. Anderson are to make arrangements for the hall. Walter Eden was named as a committee on speakers and T. E. Stephenson and E. M. Robbins as a committee on publicity.

Aid From Students

It is proposed to enlist the services of high school students in the big job laid out for Red Cross Day. At present, the plan is to district the city into twenty-eight districts, using the precinct boundaries. Organization to canvass the precincts is to be made through the aid of the Parent-Teacher Association, with Mrs. J. N. Anderson as chairman of the committee. Eden and Reinhaus are a committee to take up further details of the canvass with City Superintendent Cranston and with the high school student body at its assembly Friday morning of this week.

### 28 NEW RAILWAYS TO BE BUILT IN JAPAN

TOKIO, March 28.—The Imperial Railway Board is contemplating the construction of 28 new railroads in Japan. They will total 1,135 miles and will cost the Japanese people \$89,583,000.

### Your Country Needs You

The President in this time of grave National emergency needs the whole-hearted and unequivocal support of every citizen of the United States of America.

Company L needs more men, needs them NOW, today, this minute.

YOU MUST DO YOUR PART. It is your DUTY to do everything in your power.

If you cannot yourself enlist it is within your power to stimulate recruiting, to aid in stirring up patriotism in Santa Ana and Orange county and to assist in making the citizens realize the seriousness of the present crisis in the history of the nation.

You CAN and MUST do YOUR SHARE.

Today the board of directors of the Santa Ana Chamber of Commerce took action in the matter of taking charge of a fund for Company L.

The Company L fund will be used for the purchase of supplies that will make for the greater comfort of the men, when they go into a concentration camp. The fund will be used for the purchase of staples, not luxuries. Accounts will be turned into the Chamber of Commerce, so that everyone may know for what the money was expended.

EVERY MAN, WOMAN AND CHILD IN SANTA ANA AND ORANGE COUNTY SHOULD CONTRIBUTE SOMETHING TO THE COMPANY L FUND.

When the Chamber of Commerce this morning launched the fund each director signed his name for a stated amount.

The list will be kept at the Chamber of Commerce rooms in the city hall building. Either in person or by telephone you can have your name subscribed in the list.

IT IS OUR SOLEMN DUTY TO HELP THE MEN OF COMPANY L. They are the men upon whom we are now depending to aid the regular army in maintaining the security of OUR COUNTRY.

REMEMBER, COMPANY L NEEDS MORE MEN! COMPANY L IS KNOWN AS THE PREMIER MILITIA COMPANY OF CALIFORNIA AND IF WE ALL DO WHAT IS OUR DUTY THE COMPANY WILL MAINTAIN THAT REPUTATION.

All over the country men are rallying to the Stars and Stripes. It SHALL NOT be said that Santa Ana and Orange County are less lacking in patriotism and love of country than other sections of the Nation.

DO YOUR PART! ENLIST IN COMPANY L OR SUBSCRIBE TO THE COMPANY L FUND!

### BERLIN ADMITS FOOD CRISIS

AMSTERDAM, Mar. 28.—German Food Dictator Batocki admitted to the Reichstag main committee that there had been an overestimate in the amount of Germany's food supply, according to Berlin advices, received here today.

Batocki was quoted, in commenting on the seriousness of the German food situation as saying that increased production was impossible owing to lack of labor and enormous difficulties of transport.

### SLAVS IN RUSH TO STEIN TEUTON DRIVE

PETROGRAD, Mar. 28.—Menace of a German drive into Russia is serving to accelerate tremendously the reorganization of democratic Russia.

The greatest energy was apparent today at the war office. Extraordinary efforts have been made to apprise troops at the front with the exact conditions under which Russia slipped from the bonds of autocracy into democracy, as well as with the provisional government's plans for the future. The ministry of the interior is bending every effort to speed up to a maximum the output of munitions and supply factories and other governmental agencies are centered on the rapid transportation of these supplies to the front.

### NORMAN ROSS HOLDER OF NEW SWIM MARK

NEW YORK, March 28.—Norman Ross, sensational young swimmer of the Olympic club, San Francisco, today holds a brand new record of 2:22 2-5 for the 220 yard swim, established in the A. A. U. meet here last night.

### DETECTIVES' SCHOOL STARTS AT BAY CITY

SAN FRANCISCO, March 28.—San Francisco's detectives must go to school. The school, established by Captain of Detectives Matheson, is open today. No detective is exempt. The chief believes they don't know enough about criminology.

### LATE WIRE NEWS

EL PASO, Mar. 28.—General Murquie has been severely beaten south of Chihuahua City. The Villistas will be in the city by night, it is reported. The inhabitants are fleeing the city.

BERLIN, Mar. 28.—The Cologne Gazette today hints that Chancellor von Bethmann-Hollweg may decide on great electoral reforms making for increased democracy before the end of the war.

### L. A. POLICE HEAD ASKS 10,000 MEN

LOS ANGELES, Mar. 28.—Chief of Police Butler today called for 10,000 men with rifles and 500 motor trucks for home defense.

He seeks a list of men who can respond instantly in a war emergency. He plans to use experienced policemen for officers.

### DEMOCRATIC VICTORY FORECAST IN SPECIAL NEW YORK ELECTION

NEW YORK, March 28.—Democrats of the Fifteenth New York congressional district today will name a candidate to seek the place of the late Democratic Congressman, Michael F. Conry, at the special election called for April 12. The Republicans will name a man, but the Democrats will win. This will leave the House line-up as it was before.

### NEFF-MORTON BOUT IN VERNON CALLED DRAW

LOS ANGELES, Mar. 28.—With both men decidedly out of form, and their bout far from exciting, there was satisfaction when the Cret Neff-Punny Morton bout at Vernon last night was called a draw. In the semi-windup Louis Reese and Morton Davis fought a peppery draw.

### BRITISH CAVALRY AIDED BY WAR CARS AS TOWN IS SEIZED

Armored Autos Supported By Horse Troops Sweep Down Germans

BY WILLIAM PHILIP SIMMS (United Press Staff Correspondent)

WITH THE BRITISH ARMIES AFIELD, March 28.—For the first time since the fighting in Belgium at the beginning of the war, armored cars, supported by cavalry, achieved the capture of a town today.

The village was Boyelles. The armored cars, supported on the north and south by British cavalry, swept over the Germans. The enemy fled precipitately, not having expected more than a clash with small advance forces.

The Germans had laid a trap at Boyelles for what they supposed would be a reconnoitering guard of the British advance. But they were overwhelmed by the strength of the British forces no less than by surprise at the bringing into action of the armored cars.

Field Marshal Haig's men today held Boyelles in great strength.

### FRENCH TAKE IMPORTANT POSITIONS, CLAIM

PARIS, March 28.—"French troops captured important positions in the region of Leilly Neuville and made further progress north of the Ailette," declared today's official statement.

The war office reported a heavy artillery duel in progress in the region east of the lower forest of Coucy.

"All day yesterday and during the night," the statement said, "heavy guns on both sides raged in the region of Butte de Mesnil and Maisons de Champagne."

"The night was quiet between the Oise and the Somme and south of the Aise."

### GERMANS CAPTURE FRENCH LINES NEAR TAHURE

BERLIN, Mar. 28.—The capture of French trenches south of Ripont, near Tahure, was today recounted in the war office statement.

French thrusts north of Rheims, near Argonne, were repelled, said the statement.

"The day was quiet for the majority of our forces in the western theater. There were minor actions on the Somme and the Oise," said an early statement today.

Claims that the British are losing heavily in the fighting in the west are made by the war office.

### MORE HIGH RUSS CHIEFS ARRESTED, REPORT

BERLIN, Mar. 28.—Advices from Stockholm today state that arrests of high Russian officials continue in Russia.

It is reported that General Wojekow, proposed to open all fronts and let the Germans enter Russia, but that the Czar said that he could not betray Russia.

### NIVELLE DRIVES WEDGE INTO FOE'S LINE

LONDON, Mar. 28.—General Nivelle was driving his wedge with sledge hammer blows against the Germans today north of La Fere and at the same time by hot pursuit, forging another such wedge and thrusting at Laon.

The most bitter fighting of the advance and the retreat so far is centering around the point of this second wedge near St. Gobain forest. Military experts here today expressed their admiration for the marvelous speed with which Nivelle has moved in following up every advantage of the German retreat and in forcing the enemy, in advance of its carefully laid plans to give way before the tremendous pressure of the French forces.

In the meantime, on the British front, the fighting was still of the open variety, as opposed to the masses of men now coming to grips on the French sectors.

The British are steadily forging ahead, cavalry and armored cars incessantly harassing the retreating German. Weather conditions continue the main obstacle to swifter progress.

Holland dispatches today detailed reports of two German moves of exceeding interest to military critics. One was that the Germans were preparing for a shortening of their lines by withdrawals in Alsace, particularly Muelhouse. The second was that Berlin had made tentative offers of a separate peace with Russia—the terms to include autonomy for Poland, internationalization of Constantinople, Russian domination of Armenia and in return Russian evacuation of Austrian territory now held.

### SOLONS MAY BE ASKED TO PUT NAVY FORCE AT 100,000

Wilson Has Taken All Steps In His Power to Bring Sea Force to Maximum

BY CARL D. GROAT (United Press Staff Correspondent)

WASHINGTON, Mar. 28.—President Wilson has taken all the steps within his power to bring the navy to its maximum man strength for the present. He may still ask Congress that it be raised to 100,000 men.

He still has several ways open whereby he can bring the land forces to greater strength, though speculation is that he will get his main increase by asking for volunteers or by having Congress pass a compulsory training law.

The means whereby the larger army could be obtained are:

Increase of the militia from 150,000 men to full war strength—450,000.

Increase of the army from 120,000 to war strength, 170,000, by bringing company units to their entire quota.

Increase of the army by adding at once all the annual increments designated by the last army bill. This would give 275,000 in all.

Call for volunteers.

Have Congress pass a universal service measure which would probably be so shaped as to furnish 500,000 youths.

Just what is in the President's mind is not known. Military men say, however, that as plans are now shaping, the War Department is considering its enlargement measures on the idea that "the bitterest struggle this nation has ever known, may be our part."

These men say the country ought not to be misguided in its view that real war—and not merely police work—must sooner or later be the portion of the big force which will probably be demanded of Congress next week.

The question of army recruiting is kept in the background of public attention for the moment, so that the navy may be brought to full strength. Nothing must hamper getting the full navy strength, and getting it now, authorities say.

### SENATE DOWNS ROMINGER BILL

SACRAMENTO, Mar. 28.—The advocates of the Rominger anti-saloon bill failed to rally enough votes in the Senate today to carry the measure. It lost by one vote. With twenty votes necessary to carry the measure, the supporters numbered only nineteen, with the opposition registering twenty votes against it.

Senator Joseph A. Rominger of Los Angeles is the father of the bill and it was designed to abolish the saloon and habit-forming liquors.

Liquor interests of the state with a strong organization fought the bill hard and with success, so far as the present is concerned.

### L. A. CITY RY. WORKERS CUT OUT OF INCREASE IN WAGE BY BUSSES

LOS ANGELES, Mar. 28.—The jitney bus has knocked employees of the municipal railway out of a raise, according to Assistant General Manager Kuhrts. The statement was made in answer to a formal request for more wages presented by 3500 employees, in which the company declined to grant an increase. Jitney competition cuts into the company's income at least \$2000 daily, according to Kuhrts.

### IOWA SENATE BACKS MOVE TO GIVE WOMEN SUFFRAGE ELECTION

DES MOINES, Iowa, March 28.—The senate today unanimously passed a resolution asking a referendum vote for women exclusively, on equal suffrage in the state, at the next election.

### COFFEY BEATS KELLAR

NEW YORK, Mar. 28.—Terry Kellar lost to Jim Coffey in the third round when a towel was hurled into the ring. Augie Ratner defeated Knockout Jaffa, Australian middleweight, in 10 rounds. Kid Williams won from Johnny.

### FRANCE WANTS U. S. TROOPS IN FRANCE, SAYS JULES CAMBON

PARIS, March 28.—"We wish to see America's troops in France as soon as possible," declared Secretary General Jules Cambon in an interview granted American correspondents at the French foreign office today.

"The public feels confident in its anticipation of American military aid," the former foreign minister said, "and such aid would be enthusiastically welcomed."

"The new government's policy will be for more active war," Cambon continued, discussing the reorganized Ribot cabinet. "Germany is actually in hard straits."

### RAISING OF HUGE FUND TOLD BY BONAR LAW

British Exchequer Chancellor Gives Interview to United Press

BY LOWELL MELLETT (United Press Staff Correspondent)

(Copyright 1917 by the United Press)

(Copyrighted at the Department of Agriculture, Ottawa, Canada)

LONDON, Mar. 28.—A Bonar Law, chancellor of the exchequer, has given the United Press the recipe for raising five billion dollars—under certain given circumstances. Only one ingredient is necessary, he said in effect, and that is patriotism, but it is well to have it stirred by German frightfulness.

"The synchronization of German frightfulness," he said, "made the success of the victory war loan certain."

Just as Zeppelin attacks on London started the first great rush to the colors, the German promise of undersea frightfulness accentuated the greatest rush to the pocketbook any country ever saw. So in giving the people of Great Britain most of the credit for their great financial effort, the chancellor insists that some credit be allotted to the promulgators of the frightfulness campaign.

Asked why he had confidently undertaken to raise the desired money with a promise of a little more than five per cent interest when London's greatest financiers had declared it would be necessary to pay six per cent, he said:

"The bankers, as was natural, looked at it as a financial problem. I didn't. I looked at it as a fighting problem, a war problem. I considered what the people would do as a matter of patriotism, not as a matter of finance. Once they were made to see the fighting possibilities of the money we asked, I was sure they would not look twice at the question of interest. Events proved that to be the case."

He could have added that the difference in interest saved the empire more than \$50,000,000 a year.

### \$40,200 THEFT IN CROWN CITY

PASADENA, March 28.—Entering the home of William Wrigley, millionaire chewing gum manufacturer, sneak thieves last night secured jewelry valued at \$40,000 and \$200 in cash.

Police and detectives of Pasadena, Los Angeles and other nearby cities are endeavoring to get a trace of the burglars.

A rigid search of the Wrigley home, early today, failed to reveal any clues.

### WORRY IS RETARDING KAISER'S RECOVERY FROM HIS ILLNESS

BERNE, Mar. 28.—Kaiser William is suffering from a mild form of diabetes and is undergoing treatment at Homburg, according to a wireless dispatch received here today.

His physicians were said to have given assurances that with a careful regime of treatment they can effect a cure, but worry is said to be retarding the emperor's recovery.

### VIRGETS MEETS KANSAS

CLEVELAND, O., Mar. 28.—Phil Virgetts, New Orleans aspirant to the featherweight championship, will enter the ring tonight against Rocky Kansas of Buffalo, for ten rounds.

### VIGOROUS STAND IN WILSON WAR MESSAGE HELD IMPERATIVE AT CAPITAL

If Executive Is Too General Real Program May Be Disastrously Delayed

### WHAT PRESIDENT WILL SAY IS BIG QUESTION

Some Western Solons Bring a Slight Cooling of Martial Spirit With Them

WASHINGTON, March 28.

Four more national guard regiments were called to the colors today. They are the First West Virginia, Seventy-Fourth New York Infantry, Second Connecticut Infantry, and the Second New Jersey Infantry.

The first regiment of Engineers, scattered on the border, has been ordered here.

BY ROBERT J. BENDER (United Press Staff Correspondent)

WASHINGTON, March 28.—President Wilson will have to be positive, definite and specific in detail, to get what he wants from congress. This is the impression today "on the hill."

A vast majority of the forty per cent of the new congress here ready for the Monday opening, feel that way about it. They say that if the President shows any inclination in his coming "war message" to be too general, or "timidly suggestive," of what he wants, wide difference of opinion will result and perhaps disastrous delay in a real program.

Congress leaders and the men in the ranks, say flatly that right now the temper of congress wants to be told why he called them into extraordinary session and what he wants them to do about it.

Big Question Today

With all pre-congress preparedness steps now practically taken, the big question of voluntarily censored Washington hinges today on what the President will say next Tuesday when he addresses the joint session.

The congressional temper evident among early arrivals was "forged back home." They all say they are returning with a completely renovated set of ideas especially grown in the back home garden plots.

While this temper described predominates there is also evidence that some western members brought a slight cooling of the war spirit with them. Certain representatives and some senators, who have strongly and openly opposed war with or without warlike action toward Germany all along, still maintain that "a majority of the people don't want war." They are ready, however, to do the President's bidding if he makes a strong statement.

### AMERICANS IN LONDON OFFERING U. S. AID

LONDON, Mar. 28.—Leading members of the American Chamber of Commerce are offering their services to Uncle Sam through Ambassador Page, for work in a business way. It was also learned today that many embassy clerks are studying British methods of financing wars and the handling of home matters. British officials are co-operating in every way possible.

### U. S. PREPARED TO COPE WITH GERMANS ON LINE

WASHINGTON, Mar. 28.—While realizing the possibility of trouble with Germans in Mexico, authorities today say that the government is adequately prepared to handle the situation. Sporadic raids will be watched.

### 150,000 MILITIAMEN READY FOR SERVICE

NEW YORK, Mar. 28.—One hundred and fifty thousand militiamen are ready for service, it was learned today. They are in the best of shape for service than at any time since the close of the Civil war. Their service during the Mexican trouble last year was a wonderful help.

## SOON TO ANNOUNCE PLAN TO ORGANIZE MERCHANTS' CREDIT

Plans for the formation of a Credit Association for Santa Ana merchants are fast rounding into shape. Stirred with enthusiasm by the address given by E. M. Hitchcock and A. J. Pickarts of Los Angeles at the recent banquet held for the discussion of the credit problem, a committee was appointed by President Plagg of the Merchant's and Manufacturers' Association for the drafting of plans of operation.

This committee has had several conferences during the past two weeks, and as a result plans are very satisfactorily under way for the formation of this association in Santa Ana.

"The more the subject has been studied by the members of the committee the more enthusiastic they themselves have become, and it is assured that if the merchants can come to a realization of the vast help such an association will be, not only in preventing credit losses, but in stimulating better business activity, that there will be no trouble in securing sufficient membership to get the organization well under way," declared one interested today.

"The point has been brought out many times in discussion and in the study of such associations in other places where they are being successfully conducted, that membership in a credit association is a great benefit, even if the merchant has not a single doubtful account on his ledgers.

"At this time, when Santa Ana is rapidly growing into a manufacturing city, with the prospect of new residents which such activity assures, it is essential to the best business interests of the merchants that something be done to provide knowledge concerning the advancement of credit.

"The time has passed when every merchant knows every resident, his financial condition, his character, and his liabilities to other people. The time has come when credit must be granted only up on the most careful and conservative knowledge. A credit association is the only means of securing reliable knowledge, both of local conditions, and of the credit standing of an individual before locating in Santa Ana."

The present committee, of which H. P. Rankin is chairman, has a plan of organization well in hand, and this will be submitted to the merchants for ratification soon. It is declared that a flourishing association can be started with an initial membership of forty merchants who will pay a fee of \$10.

## MORTUARY FIRM PLANNING \$8000 IMPROVEMENT ON N. MAIN

**Mills and Winbiger Funeral  
Parlors to Be Among the  
Finest in South**

Improvements that will call for the expenditure of about \$8000 and result in making the Mills and Winbiger funeral parlors one of the finest in Southern California will be started next Monday morning under the supervision of Contractor C. M. Jordan.

The work will require about three months and during that time the funeral chapel and display rooms will be in the middle room of the Orange County Business College building at the corner of Church and Main streets. A room to the rear of the Main street room forms an L giving the firm ample space for handling its business. The temporary chapel will accommodate between 100 and 200 people. The office and work room of the firm will remain in their present location.

### To Add Story

Plans for remodeling the building, which is located at 609 North Main street, call for a rearrangement of the entire lower floor and the addition of one story. The roof of the present building will be torn away down to the ceiling line. The entire building will be finished off in white cement, giving it a most attractive appearance. The display rooms will be located in the second story.

The chapel will be widened by removal of the partition which now separates it from the display room. In the rearrangement of the chapel, the seating capacity will be increased to accommodate from 250 to 300 people, with the music located in an alcove and the family room in about the same position it is at the present time.

The enlargement and improvements have become necessary to provide accommodations for the increasing business of the firm. No expense will be spared in the furnishings to make the parlors attractive.

## AUTOISTS HURT AS CAR TURTLES

Taking a corner with their car running at high speed, a party of young people out for pleasure last night were scattered along the roadway when the car turned over. The happy party was nearing the home of the women members of the party when the accident happened. Fortunately no one was seriously injured, bruises and sprains being the extent of the injuries sustained by some members of the party. "Back" Phipps, B. J. Frye and lady friends composed the party and they were in high glee when their auto turned over at the corner of Birch and Chestnut and sent them sprawling to the ground. Considerable damage resulted to the car.

## REMINGTON ARMS MAN EXPLAINS HANDLING AND CARE OF GUNS

W. C. Clement, representing the Remington Arms Company, gave a demonstration of the Remington guns and ammunition at the Livsey sporting goods store yesterday. Clement carries with him a large exhibit of Remington shotguns and rifles of various patterns and gave an interesting talk on the uses and care of his line. A large number of local hunters were present.

Owing to the numerous requests from those who could not be there yesterday, Clement has consented to return to the Livsey store Friday and will give demonstrations during the afternoon of that day.

## NEWPORT HEIGHTS FARM BODY FORMED

NEWPORT HEIGHTS, Mar. 28.—The first meeting of the Newport Heights Co-operative Association was held last Friday evening in the Harper school house. H. B. Woodrough, president, called the meeting to order. The constitution and by-laws, prepared by a special committee, were adopted with amendments, a publicity committee was appointed, and forty-four persons enrolled as members.

At the preliminary meeting the following officers were elected: H. B. Woodrough, president; Donald J. Dodge, vice-president; George H. Huntington, second vice-president; A. B. Johnson, secretary; Walter L. Young, treasurer.

This organization purposes to keep in touch with all the questions of rural life, agricultural, commercial, civic, educational and social. Much enthusiasm has already been aroused and the whole community feels that an important step has been taken which will benefit not only the community at large but also each individual member of the community.

The Association will meet the second Thursday of each month at 7:30 p. m. in the Harper school house, unless another meeting place is previously announced. The next meeting will be held Thursday evening, April 12.

## JERNIGAN'S AUTO IS DAMAGED BY RUNAWAY STANDARD OIL TEAM

Some of J. D. Rockefeller's money may go into repairs on a roadster owned by City Marshal Jernigan, and again it may not.

Anyhow, Sam Jernigan has a roadster that is "on the bias" on one side and its condition was caused by one of John D.'s oil wagons. Whether the oil king's money will pay for the repairs, or whether the driver of the rig will dig up the simoleons necessary to recompense the experts for the labor and material necessary to put the machine back in the condition it was in at the time the oil wagon hit it, is a matter to be settled by negotiations, according to report.

"Billy" Titchenal, driver of the wagon, yesterday drove into the alley south of the city hall, and left the team standing. The lines were fastened to the seat and one wheel was locked with a chain. While he was engaged in delivering goods to a shop adjoining the city hall, the team took fright. Jernigan's machine was standing in the alley, and was damaged when the wagon struck it. The top was ripped loose, the front and rear fenders bent and the running board broken.

## S. AMERICA UNIONS SEEKS A.F.L. MERGER

BY CHARLES P. STEWART  
(United Press Staff Correspondent)  
BUENOS AIRES, March 5 (by mail)—Trades unionists throughout South America today are extremely favorable to the proposal by President Samuel Gompers of the American Federation of Labor, for a Pan-American workers' combination.

"We agree in principle with President Gompers' suggestion," said Francisco Rosanos, secretary general of the Federation of Labor of the Argentine Region today, "and will work to accomplish the plan's realization."

"To this end we are about to correspond with the American Labor Federation officials who are pushing the propaganda. If we could we would take a still more active part in the work, but this is impossible at present, owing to the lack of funds."

"We are enthusiastic in our support of the idea. We have always wished for such a combination."

The labor union includes all the Argentine labor organizations. It is understood that the leading members have already received intimations that the labor federations throughout South America will co-operate in the movement.

## NEW THOUGHT LEAGUE CONFERENCE WILL OPEN

A conference of the California New Thought League will be held in this city commencing tomorrow night and continuing through Sunday. It will be held at the Unitarian church, the evening services commencing at 8 o'clock and the afternoon programs at 3 o'clock.

"The Message of New Thought" will be the subject of the first session, commencing tomorrow night at 8. Blanche P. Barbour, director of Pasadena Metaphysical Library, will be the speaker.

The officers of the league are Dr. Frank L. Riley, president; Adeline Becker, vice president; Julia M. Cooke, secretary; Theodora Burghum St. John, assistant secretary; Ida Mansfield Wilson, treasurer; Dr. Harold F. Palmer, field secretary; Blanche P. Barbour, assistant field secretary.

## WOMAN QUILTS RACE FOR H. S. BOARD

ORANGE, Mar. 28.—The candidacy of Miss Sue Scarritt for Orange Union high school trustee, has been withdrawn by the Woman's Club. Mrs. D. C. Pixley, president of the club, has announced.

## QUICK ACTION ON STATE DEFENSE COUNCIL BILL FORECAST

### Governor's Emergency Measure Probably Will Become Law By Week's End

SACRAMENTO, Mar. 28.—The legislative machinery is "oiled" today for quick action on Governor Stephens' emergency bill creating a state council of defense. The bill was introduced late yesterday by Senator Benson. It will probably become a law before the close of the week, so that early next week the members of the council will be named by the governor to organize forthwith for the purpose of carrying out the provisions.

High spots of the bill are: The council of defense is to consist of not more than thirty-three members to be appointed by the governor and to serve at his pleasure.

The members are to be selected from state officials, army and navy officers who may be available, members of the staff of the University of California and from qualified citizens.

It shall be the duty of the council at once to take under consideration the effect of occurrences of war upon the people of the state, to consider measures for public defense and security for the protection of routes of communication, for the betterment and protection of public health, for the public care and assistance of those upon whom the hardships occasioned by war would fall most heavily, for the fuller development of the resources of the state, particularly those from which are derived the supplies of food and other commodities upon which the conduct of war makes an especial drain; to encourage the military training of the citizens of the state; to examine into measures to increase the public revenue to meet war demands and to effect the elimination of waste and extravagance and to consider measures to be taken to meet the exigencies of all situations occasioned by war.

The governor is to be ex-officio chairman of the council, with power to designate a vice chairman, executive committee, sub-committees, and assistants; to make such expenditures as he may deem necessary, and to dissolve the council when he deems it expedient.

Members of the council are to serve without pay except the vice-chairman, whose compensation is to be determined by the governor.

Members are to be allowed expense money. Headquarters of the council are to be at Sacramento, but the governor is given power to establish branch offices.

All public officials, boards, commissions and departments are to give all possible assistance upon request of the governor.

One hundred thousand dollars is appropriated to carry out the act. Report is to be made to the legislature through the governor.

The act is made free of the provisions of a referendum.

**NEW LEGISLATIVE FIGHT LOOMS ON HORIZON**

SACRAMENTO, Mar. 28.—Another legislative fight is fast coming across the horizon, Southern California legislators today strongly announcing their intention to get an even break with Northern California in the matter of appropriations for flood control work. Senator Rominger, one of the southern leaders, asserts that he is willing to vote for the \$500,000 appropriation for Sacramento valley flood control purposes only upon assurance that a like amount will be appropriated for similar work in Los Angeles county. The southern delegation won their first skirmish in this fight in the senate committee, when by a vote of 4 to 2 the Sacramento valley flood control appropriation bill was reported out without recommendation the same as was done to the Los Angeles appropriation bill. Mayor Woodman, John J. Hamilton, chairman of the Los Angeles County Board of Supervisors, and about forty Los Angeles citizens are due at the capitol early next week to further the Los Angeles county campaign. They want a public hearing. The Board of Control's budget recommendation the Sacramento valley appropriation bill but not the Los Angeles bill.

**MAC FARLAND NOW IS STEPHENS' SECRETARY**

SACRAMENTO, March 28.—Gov. Stephens' official staff is today rounded out with the appointment of John C. MacFarland of Los Angeles as his executive secretary. MacFarland is an attorney who in 1910 was one of the campaign managers in the memorable Hiram Johnson campaign, and who in 1916, was appointed by the Republican national committee president of the college men's Hughes club of California.

**PRENDERGAST BILL IS TO COME UP TOMORROW**

SACRAMENTO, Mar. 28.—Tomorrow at 10 a. m. the Prendergast vivisection bill, to which there has been widespread opposition, will come up for action on the floor of the Assembly. It was reported out by the assembly committee on Medical and Dental laws today with eight members recommending that it be passed and one recommending that it be defeated.

The committee's vote followed a short talk by Mrs. Katherine Tingley, noted theosophist of Point Loma, who denounced the bill as a cruel, brutal, inhuman and atrocious measure.

Assemblyman Edwards who was the only member of the committee to vote against the bill protested against the state of California putting its stamp of approval on what a great many people of the state don't want.

**BOSTON MISSIONARY IN ROW WITH JAPS**

TOKIO, March 5 (by mail).—The Rev. J. M. McCaleb, an American missionary from Boston, is in the midst of a quarrel with his Japanese students here today over the divinity of Christ.

When one of the students declared that Jimmu Tenno, Japan's first emperor, was even greater than Jesus Christ, Dr. McCaleb took issue with him.

The students, angered, passed a resolution demanding the missionary leave the country.

Dr. McCaleb, who came here 25 years ago and operates independently of any mission, refused to go; and also objected to the students raising their national flag over the school on Kigenetsu Day, explaining that it contained the element of worship.

"Without my consent," said Dr. McCaleb today, "the students went ahead and raised the Rising Sun. One student openly told me the occasion was not only ancestor worship, but that Jimmu Tenno, who is supposed to have ascended the throne 660 years before Christ, was even greater than Christ."

"This put me, a Christian, in a very embarrassing position and I took issue with him. The government is back of me and I stand pat."

## STRIKE CONTROL BILL COMES UP IN ASSEMBLY TOMORROW

### San Francisco C. of C. Wires Local Chamber Asking Its Endorsement

The San Francisco Chamber of Commerce is appealing to all Chambers in the state and other similar bodies for support of Assemblyman Goetting's bill No. 538, which would control strike situations in the state. The bill comes up in the Assembly tomorrow for final action. That it is an important measure, and that its passage is in question, is evidenced by the fact that the Chamber of Commerce of San Francisco has gone to the expense of wiring a long telegram to the chambers.

The telegram was received at the Chamber of Commerce this morning, and urges the organization to get in touch with Assemblyman Joe C. Burke and advise him as to its wishes in the matter.

The message is as follows: J. C. Metzgar, secretary Chamber of Commerce, Santa Ana, Cal: Whether or not they realize it, every man and child in California is vitally interested in what is sought to be accomplished by the proposed mediation bill in the Assembly at Sacramento, namely, Assemblyman Goetting's bill No. 538, which would prevent strikes or lockouts on public utilities until after investigation and full information to the public. The United States Supreme Court in the Adamson decision held that employees of interstate public utilities have no right to injure the innocent public by striking without first submitting demands to arbitration. To strike without mediation means injury of the entire industrial activities and the public, the innocent third party, bears the brunt of suffering and loss. This argument carries with equal weight regarding state utilities. Goetting's mediation bill merely suspends the right of employees to strike or of employers to lock them out pending a public hearing, but does not prevent employees as individuals from quitting. In the meantime if either side is then dissatisfied it may strike or lockout. It is felt that weight of public opinion will be a great factor in preventing strikes and lockouts under the operations of this bill, particularly at this critical time in history of the nation such a bill should promptly become a law. Your representative in the Assembly is Joe C. Burke. Please get in touch with him by wire or otherwise immediately and urge his support for this bill in the name of yourself or organizations you represent or can influence.

The mediation bill will be up for final hearing in Assembly Thursday, March 29. Immediate action is imperative; also persuade others of the extreme importance of this measure and urge them to act likewise. Please advise of any action taken by you.

**SAYS PROHIBITION IN FRANCE FAR OFF**

BY WILBUR S. FORREST  
(United Press Staff Correspondent)

PARIS, March 8 (by mail).—"France will not see prohibition of alcohol for years."

This brief explanation of one of the most agitated internal subjects in France just now was made to the United Press today by Jean Finot, noted French writer, author and president of the French society for action against alcohol.

M. Finot predicts a long and bitter fight before France is placed on the footing of prohibition. Widely circulated reports that French legislative bodies would soon enact a dry France were denied by M. Finot.

"Prohibition in France does not mean, as the word means in America, an absolute dry France. It means the elimination of brandy, whiskey and other spirituous liquors which do so much damage to the peoples of any country. The proverbial French light wines will always remain."

"The fight against alcohol which the prohibition forces of France are making has the most bitter opposition. When it is considered that over four million people have their interests connected with the production, distribution and sale of liquor this is not surprising."

"But France will eliminate liquor in time, probably in about three years, just as many American states have done. The movement already has great and growing support and is backed morally by some of France's greatest men."

M. Finot's latest book, entitled "The Enemy of the Interior," quotes various authorities to demonstrate that French wounded during the present struggle, who were habitual users of alcohol, have shown a remarkable tendency to succumb to wounds which would not have proved fatal to non-alcoholics.

Prohibition will be one of the greatest after-war questions in France. It is expected to precipitate more legislative and popular interest than any subject has done for years.

## INTERIM IS NOT SUCCESS, SAYS C. C. SPEAKER

### "Great Manufacturing Era For Pacific Coast," De- clares Visitor

In a talk at the weekly luncheon of the Chamber of Commerce today, T. E. Stephenson declared that the theory of the split legislature has not worked out in practice. He declared that the month between the session for filing bills and the session for passing bills does not give legislators time to get acquainted with the bills presented let alone finding out what their constituents think of them.

At the luncheon today, an address, given by John Freeman, western sales manager for the Taylor Chair Company of Medford, O., introduced at the luncheon by W. H. Spurgeon of the Horton-Spurgeon Furniture Company.

"Within the next five years this coast is to have the greatest era of progress and development it has ever known," declared Freeman. "That development will be largely along manufacturing lines, and it will be substantial and lasting."

The luncheon today was presided over by A. B. Gardner, who appointed T. A. Winbigger as chairman for next week.

"Legislators are men from various walks of life," said Stephenson. "They are human beings of various types, and everyone with some attributes of leadership or strategy, else they would not be there."

"I heard a good many of them talking on the floor and elsewhere, and I was struck with the fact that they seemed to be anxious to get at the facts. There was an atmosphere of hard work. Committees are meeting day and night. I was told that the judiciary committee of the assembly rarely adjourns before midnight."

"An example of the investigations that are made was in the hearing on the vivisection bill. Experts and leaders from all over the state were called in, and the matter was discussed from every angle. When they got through there was nothing more to be said. Then there was filed a petition signed by 50,000 persons. That petition did not cause a ripple. I don't believe it changed a vote or impressed a legislator. They had the situation clearly outlined before them, and apparently it was the facts that they wanted."

**Railroad Interests**

"While it is agreed all around that the railroads have been kicked out of politics, we do not want to forget the fact that the railroads have not been kicked out of legislation. No business interest as large as the railroads is ever going to be kicked out of legislation. I was impressed with the idea that there was a spirit of fair play for the railroads, and that spirit was as much expressed by Johnson's followers as by others. I heard a brief discussion in the Assembly on the proposal to make it a misdemeanor for a person to use a computation ticket issued to another. It was declared very positively that if any profit is to be made on the sale of tickets that profit rightfully belongs to the railroad."

Stephenson reviewed the tremendous job that lies before any legislator who makes an effort to keep himself informed of what is going on. He is indeed fortunate if he can keep himself informed upon the things that touch his own district. The wise legislator thoroughly informs himself upon his own measures, for when he is subjected to the cross-fire of keen men, quick to follow a lead, he has to answer questions or get himself in a tangle. Oratory is not necessary, but plain statement of facts is essential.

**Interim a Failure**

"I believe that the split legislature is a good deal of a failure. At least,

it fails of its object of getting an expression from the people of their ideas upon proposed legislation. In theory, during January practically all proposed legislation is introduced. Then comes a month's interim for talking the bills over with constituents. Then comes two months to pass on the bills.

"As a matter of fact two weeks of the four pass before the bills are all printed and in the hands of the legislators, and if he works night and day for the two remaining weeks he will not have his bills segregated, and studied to the extent that he can give ready answers as to what he proposed along any of the lesser lines of legislation.

"Another feature wherein it fails is the fact that the bill introduced in January is a mere dummy, and does not reveal the meat of the proposal, which will not be put in until after the interim. That is a rather common practice.

**Matter of Business**

"I was impressed with the fact that the legislature is a matter of business, and not of politics, yet far too often districts send men to the legislature because of some temporary political issue regardless of his ability to be that district's business agent.

"That the legislature is a thing that reaches out and affects many relations in life is very quickly learned by one visiting at the legislature. One also gets a different viewpoint concerning lobbyists. Following these days of nuck-raking, we are inclined to think of lobbyists as crooks. We make a mistake if we class lobbyists as all of a kind. They are there legitimately to represent certain interests. Self-protection makes their presence necessary. They present their sides of various matters, and from a number of lobbyists I talked to I learned that the committees of the present legislature are open to reason.

"It is worth any citizen's time to go to the legislature on a visit. There is a lot of legislation there relating to publicity matters, and should your secretary, J. C. Metzgar, find it possible to spend a few days at the legislature his time will be well spent."

**BOARD THE BIG CARS AT THE REAR ENDS**

The Pacific Electric Railway Company calls attention to the fact that the large cars now running along North Main to Orange cannot be boarded at the front end, and requests that passengers walk toward and be prepared to get on at the rear before the heavy cars come to a stop.

It is claimed that 30 seconds to one minute are lost every time the big cars stop if passengers are not ready to board the rear end. The time is lost waiting for passengers to walk from the front to the rear end of the long cars. Inasmuch as the company is attempting to maintain a fifteen minute schedule the seconds are counted as valuable. "Thirty seconds to one minute lost at every stop in this way knocks the whack out of our whole schedule," said one of the conductors.

### HAIL GOV. STEPHENS!

Governor Stephens, in his message to the Legislature, took a decisive and unequivocal stand in favor of the legislative ideals that have prevailed in California during the past six years, a fact that is gratifying to the progressives of whatever partisan allegiance.

The Governor's speech was a hearty endorsement of those far-reaching, onward and upward policies of government for which Governor Johnson has always striven. This, of course, was pleasing to Governor Johnson's friends, who are legion, but it was in larger sense generally gratifying on account of its independent and aggressive progressivism, so strikingly characteristic of the new Governor himself.

The address he delivered at the State Capitol last week revealed Governor Stephens as a man eminently fitted for the position he now occupies. He did more than merely pledge himself to carry out the ideals and principles of his predecessor; he announced himself as prepared to take a stand for himself, to act on his own initiative in that work of legislative advancement which, beyond all question, will be carried on as long as California is a State.

Taking up, as it does, matters of timely interest to every citizen, the address shows conclusively that there is now in the Governor's chair a man who will go ahead with ever-increasing strides, one who realizes to the fullest the greatness of his trust, and who, in the pursuit of the ideals the majority of the voters have at heart, will serve those voters to the last ounce of his ability.

### SHIPPED TOO GREEN

John T. Goodrick, for several years connected with the Porterville Recorder and the Modesto Herald, is now spending the winter at his old home at Fredericksburg, Va., and he has been paying some attention to the kind of oranges marketed in that part of the country. In a letter to a Porterville friend Mr. Goodrick states that the Florida orange is preferred in the East to the California orange, simply because not enough attention is paid to the shipping of ripe fruit from this state. Mr. Goodrick's comments ought to be of general interest in this country, where the citrus fruit industry is such an important one. Extracts from his letter follow:

In the East one sees indubitable evidence that the shipping of half-ripe fruit is doing the California orange industry a great deal of harm, and is making the market for Florida fruit stronger. I have been asked many questions about California, but the one question that I have been asked more than any other is, "Why are the Florida oranges so much better than the California oranges?" The answer is, of course, that the Florida oranges are not better. But that can't be proved here.

As a matter of fact, the Florida oranges, bought here, are far superior to California oranges. They are seedlings, the skin is usually marked, and they are fibrous in the center. But they are sweet.

Most of the California oranges must have been shipped green for they are decidedly lacking in flavor. They are bigger, and of better appearance, but they are not as good to eat.

Almost everyone asks at the stores and fruit stands for Florida fruit. This is true here, and elsewhere in the East. I have talked with people from several parts of the East, including New York, and the impression they all have is that the Florida fruit is the best. Most of the California fruit one buys here is pulpy and acid, evidently unripened.

### PATRIOTISM AND BABIES

How the strength of the nation is being impaired by the conditions which make babies sick and die, and what some two thousand communities have done to awaken interest in the conservation of the youngest citizens, are briefly reviewed in a new bulletin on Baby-Week Campaigns which has just been issued by the Children's Bureau of the U. S. Department of Labor.

Approximately one in ten of all the babies born in the United States dies before completing twelve months of life, and the Children's Bureau says:

"It was once thought that a high infant death rate indicated a greater de-

gree of vigor in the survivors. Now it is agreed that the conditions which destroy so many of the youngest lives of the community must also result in crippling and maiming many others and must react unfavorably upon the health of the entire community.

Two thousand one hundred communities have reported to the Children's Bureau the details of a Baby Day or a Baby Week by which they called attention to the need of protecting their babies. Ingenious devices for exhibits, new methods of distributing pamphlets on baby care, ways in which information on local conditions was secured and published, and other interesting features from these local reports are described in the bulletin as suggestive for those who are planning a similar campaign.

The bureau says: "Not all of the 2,100 communities reporting a Baby-Week campaign in 1916 may find it wise to repeat the celebration in 1917; but the United States includes 14,186 incorporated cities, towns and villages, and it is doubtful if among the thousands which have never had a Baby Day or Baby Week there is a single town or village which would not profit from such a campaign."

### With Malice Toward None

By Henry James

**The Fashion Makers**  
A research teacher in the Pennsylvania State College says that the fashion makers are the conspirators who are to blame for the high cost of living. Doubtless there is something in this, and yet the public cannot hope to be permitted to sidestep. It can't prove an alibi.

The servile manner in which the fads of the fashion makers are obeyed long has been a source of wonder. No style is too ridiculous to be accepted, no distorted and inadequate garment too costly. The word of the fashion makers is taken as having finality.

Who endowed these peculiar people with authority to rule?

Why are the grotesque creations of Lady Bluff Gordon, or whoever she is, given the weight of a national constitution? Once a thing is pronounced the correct mode, the price put upon it has no relation to value, and without a murmur a woman will pay \$40 for an imported French hat manufactured in a loft on Los Angeles street.

If she wants to do this sort of stunt it is her own fault.

### Employment Agencies

Private employment agencies are fighting for their lives.

Hope they lose!

### Seeking Seclusion

Three charming Pasadena women recently put on the most attractive outdoor togas they could obtain and struck into the mountains, hoping, as they said, to reach some spot where men had not been.

If they succeeded in doing this they may depend upon it that the spot will no longer suffer from masculine neglect.

### Forbidden Ground

There is to be a store exclusively for women.

If the proprietor will be strict in enforcing this provision every husband will be glad to be excluded from the possibility of having to match ribbon.

### An Old Recipe

The recent order for the National Guard to be ready recalls the old formula for cooking hare.

It will be remembered that this began, "First catch your hare."

### Better Stick

A man who is running an elevator says that he is heir to a salt property in Austria worth \$25,000,000.

He ought to be grateful for a good job in the elevator.

### The Place for Them

One reads without a shadow of regret that thousands of Russian police are in prison.

The average American, if he has been in any manner a student of Russian literature and affairs, would be unable to think of a better place for Russian police to be.

### Seems Natural Enough

Glad to notice that shoe operatives are to have an increase in wages.

It dispels the thought that the manufacturers themselves desired to get hold of all the money there is.

### Accuracy

In the editorial and news rooms of a New York paper there are placards

with the words: "Accuracy! Tense-ness! Accuracy!" Pretty good dope. Recently a reporter recorded the death of a man of sixty-five, adding that he was survived by a father "well over seventy."

Doubtless that was accurate.

### Wifely Activities

Another woman has been placed on trial in Denver for the murder of her husband. There seems to be something in the atmosphere of Denver promotive of such activities.

Neither could the self-made widow find a more congenial spot in which to face a jury. The precedents would be all for letting her go, taking with her the hearts of about half the jury-men.

### One of Granville's Barks

Sir Granville Barker says that England could have fought Germany alone better than with the aid of France and does it not request France and Russia to back up and let it finish the job?

It is sad to see the British empire handicapped in so cruel a fashion. There does not seem to be so much intellectual bite to Barker's remarks always as there is bark.

### MUSCLE SORENESS RELIEVED

Unusual work, bending and lifting or strenuous exercise is a strain on the muscles, they become sore and stiff, you are crippled and in pain. Sloan's Liniment brings you quick relief, easy to apply, it penetrates without rubbing and drives out the soreness. A clear liquid, cleaner than any plaster or ointment, it does not stain the skin or clog the pores. Always have a bottle handy for the pains, aches, rheumatism, gout, lumbago, grippe, bruises, stiffness, backache, and all external pain. At your druggist's, 25c.

### AS TO TEXT BOOKS

Editor Register:

I wonder if I might ask through your paper a question that at present puzzles a great many book buyers, i.e. parents.

Why do teachers object to uniform text books for the High School?

We are told for one thing, that they do not like to teach from a book they did not study "in their Alma Mater." Yet they do all over this state as we discovered not long since, when a week-end guest, a Los Angeles High School teacher, wished to "look over" the ancient history lesson she had to teach. We found for her three that are in use in this county and the local book stores, fairly groaning with books "no longer in use here," had not the one in use in her particular school and which she had used in different parts of this state, and not one of them all had she used in college or university.

"What would you think of a teacher that had used the same text book for twelve or fifteen years?" I asked.

"I should think she would have moss on her back, or be ready for the insane asylum, if it was a woman," was her reply.

An article in the Sierra Educational News of January, this year, states that it would "narrow educational possibilities" but fails to state in what way.

Will someone please tell us just how Latin Lessons, by Smith, published by Allyn & Bacon, price \$1.00, as used in the Santa Ana High School, would if taken into the Orange High School where Moulton, Introductory Latin, published by Heath & Co., price \$1.00, is in vogue, would "narrow" educational possibilities?

It is the same with all the text books, Santa Ana using Howks-Luby-Touton for Algebra, while Orange pupils will be "narrowed" if they use anything but Wells & Hart, First Book in Algebra.

I quote Santa Ana and Orange because they are so close together that not even climatic conditions can be said to demand a different treatment of geometry, Spanish, spelling, and so on down the line even to the classics.

One would think that Ivanhoe would always be Ivanhoe, and that poor Macbeth (Macbeth in Orange) would look the same in grandpa's morocco binding as he does dressed up in the latest commentator, but he does not as your child's card will show if you insist on her using the copy you used in Normal. Why, she isn't even sure of being able to use her older brother's books in the same school, as they are at liberty to change with the moon (though I believe a book is supposed to be used four years).

Look through the "course of study" and see when this text and that were adopted.

Who profits by this system? Not the book stores, for their shelves are crowded with books ordered by the schools and then not used or barely used, pupils often buying books that are soon discarded.

My attention was lately called to two young people out of High School because their parents could not raise the seventeen dollars necessary to buy the second set of books in one year, business compelling them to move from Anaheim in the middle of the school year. They, by the way, had supposed that all high schools were very much alike, using the same books, etc.

We hear, too, that the grammar school books are far from being good text books, but no one could think less of a text than does one high school teacher of the text selected by a teacher in another school. So please give us some more reasonable reasons if there are any, because we are the people who must foot the bills whether we buy hit or miss as we do now or buy uniform text books through the state system of taxes.

Then, too, we are the people who furnish the children, and we are rather fond of them, so are glad to hear anything that would really work to better their school work in any way.

A PARENT.

## MEXICAN HIT BY AUTO IN HOSPITAL WITH HIS SHOULDER DISLOATED

A Mexican named Navarro had his shoulder dislocated this morning about 2 o'clock when his rig was struck by an automobile west of Westminster. It was reported to Deputy Sheriff Kells, who took the injured man from Westminster to the County Hospital, that the Mexican was intoxicated. Those in the automobile picked up the injured man and got a doctor at Westminster.

### AMUSEMENTS

#### At the Temple

Tonight is grocery night at this pretty play house, and in addition to the regular high class show, there will be all kinds of groceries given away to patrons. Santa Ana theater goers have come to regard grocery night at the Temple as a big lift towards solving the high cost of living problem. About everything in the line of eatables will be given away, including such articles as coffee, sugar, tea, eggs, bread, salt, all kinds of canned goods, flour, brooms, woodenware, tinware, granite ware, chinaware, kitchen utensils, etc. About everyone in town try to push their way into the theater on grocery night, so if you want to get a seat, better make it a point to get there early, for if you arrive late, you will find that good, desirable seats are as scarce as the proverbial hen's teeth. In addition to this, you will see a very classy show. The Athion Company, who have made such a pronounced hit here, with their clever tabloid productions, will play the thrilling play of Wall Street, "The Octopus," for the last time tonight. This little play has created quite a sensation here, and has been the subject of much favorable comment. It carries an interesting plot, is full of pep and action, and in the hands of the Athion Company makes about as interesting a play as one could wish to see.

Tonight also marks the last performance of Bessie Love in the Triangle feature production, "A Daughter of the Poor." The All Star Triangle players in the comedy, "His Rise and Tumble," will be shown for the last time tonight.—Adv.

#### The West End

Tsuri Aoki, the clever Japanese actress, who appears with Sessue Hayakawa in his latest Lasky-Paramount Picture, "Each to His Kind," which will be seen at the West End tomorrow and Friday, is an object of great suspicion at the Lasky studio. Miss Aoki was born in Japan but has spent the majority of her short life in America, and although essentially Japanese, has practically forgotten the Japanese language as it is written. One of the members of the company having a book printed in Japanese, wished to find the meaning of a certain sentence and asked Miss Aoki to translate it. Not caring to admit her lack of familiarity with her native language, the dainty little Japanese hemmed and hawed and finally translated it to read: "Ten years ago the railway system in Japan was very poor." The same sentence when referred to Sessue Hayakawa, who is a Japanese scholar, was translated to read: "Twenty years ago the educational system in Japan was not as substantial as it is at present." Miss Aoki was at once accused of posing under false colors and even accused of not being a Japanese, but a Norwegian.

## SUES TO PUT UNION HOME PHONE COMPANY IN RECEIVER'S HANDS

The Union Home Telephone and Telegraph Company, of which the Santa Ana office is a unit, will pass to the hands of a receiver if a suit filed in Los Angeles by U. S. Oles is successful.

Oles owns two \$1000 bonds and has filed suit in Los Angeles for the foreclosure of a mortgage and the appointment of a receiver for the company, re alleges that the company has defaulted in the payment of interest on its bonds which are secured by a mortgage on the property.

The company's outstanding bonds are said to approximate \$829,000 par value. It is alleged the corporation's properties are of the value of \$500,000.

Oles is said to have taken this action in the interest of all the bondholders.

Santa Ana W. C. T. U. Meets  
Yesterday, Hears Reports,  
Appoints Delegates

The Santa Ana W. C. T. U. held a very interesting meeting yesterday afternoon at the home of Mrs. Anna Vandermaast at 1103 North Main street, with a good attendance. Miss Sarah Finley led the devotional service and all joined in singing "The Fight is on." Report of treasurer shows a balance of \$96.83, and the following superintendents reported as follows: Flower Mission report, sent by Mrs. Will Lindsey; Juvenile Court, Mrs. J. H. Scott; Medal Contests, sent by Mrs. Anna Hill; Medical Temperance, Mrs. J. N. Anderson; Co-operation with Missionary Societies, Mrs. W. E. Ward; Mothers' Meetings, Mrs. W. H. Thomas; Parliamentary Usage, Mrs. F. J. Rogers; Peace and Arbitration, Mrs. H. H. Maryatt; Press, Mrs. Lea Warren; Scientific Temperance Instruction sent by Mrs. W. B. Tedford; Southern California Home and Infant Box, by Mrs. Anna Gale; Sunday Schools, Miss Sarah Finley.

The sum of \$25 was voted from the W. C. T. U. funds to assist in purchasing a Ford automobile for the Mexican church.

The election of officers was conducted by Mrs. F. J. Rogers and the following officers were elected: First vice-president, Mrs. C. W. White; second vice-president, Mrs. J. H. Rankin; recording secretary, Mrs. E. P. Stafford; corresponding secretary, Miss Edith Ward, and treasurer, Mrs. E. H. Prince.

The county convention will be held at Anaheim Tuesday and Wednesday, April 17-18. The following delegates were elected: Mrs. E. P. Stafford, Mrs. Lauderbach, Mrs. J. H. Rankin, Mrs. E. H. Prince, Miss Edith Ward, Mrs. E. D. Holmes, Miss Sarah Finley, Mrs. C. W. White, Mrs. Mary Emerson, Mrs. W. S. Rose, Mrs. Lucy Leonard; alternates, Mrs. D. M. Burns, Mrs. H. H. Maryatt, Mrs. Potter, Mrs. W. H. Thomas, Mrs. M. E. Wells, Mrs. Geo. Post, Mrs. Will Lindsey, Mrs. Steele Finley, Mrs. A. A. Jones, Mrs. Ruth Jayne, Mrs. Mary Beals.

Mrs. Frank D. Wheeler will be present at the next meeting, which will be held at the home of Mrs. J. H. Rankin, 815 Spurgeon street. This will be a very fine meeting and a good attendance is desired.

## Pasadena Elks Pay Visit

About 200 Elks from Pasadena were in attendance at a very interesting meeting of the Elks last night when the Pasadena officers and drill team, accompanied by their band, put on the initiatory work for the local lodge. A class of twenty candidates was initiated.

A sumptuous 6:30 supper preceded the meeting, attended by about seventy-five, the guests of honor being the Pasadena people.

Following the interesting ceremonies of the evening, another banquet was served for all in attendance.

## FAREWELL TO PASTOR

Rev. Wright Complimented  
By Supper at James' Gold  
Room Last Night

Rev. Paul Wright was banqueted and toasted to the full by a few friends at James' gold room last night. Fourteen of his close friends who are not identified with his church took this means of expressing their love for the popular expounder of the gospel. James entered into the spirit of the occasion and prepared a spread that was of a high order, with service unexcelled.

Those who made brief remarks spoke in the very highest terms of the minister and expressed the deepest regrets at his intended departure, and bespoke for him the success in his new field that has marked his pastorate of the local church.

During his residence of six years in the city, Rev. Wright has shown a commendable public spirit and has been found active in many lines of endeavor for the spiritual welfare and progress of Santa Ana. Through his efforts the Chautauqua was brought to this city last year and through the week of entertainment by high-class talent, Chautauqua week will undoubtedly become a permanent feature of the city's life. His church work has been successful, the congregation and membership of the Christian church having been doubled during his pastorate.

District Attorney L. A. West presided at the banquet and those who responded to his call for brief remarks were former District Attorney Walter Eden, County Sealer of Weights and Measures George McPhee, Attorney H. C. Head and R. L. Bisby. Rev. Wright responded feelingly, stating that if there were any six-year period in his life that he would wish to live over again, it would be the period of his pastorate in Santa Ana, where he had formed friends and associates that he would ever cherish.

Rev. Wright and family will leave Thursday for San Bernardino, where he has accepted a call to the pastorate of the Christian church.

Those who gathered at the festal board as a farewell to the retiring pastor were: District Attorney L. A. West; R. L. Bisby, manager of the Spurgeon Realty Company; County Auditor V. C. Jerome; Noel Edwards, capitalist of Orange; Walter Eden, deputy registrar of titles, and attorney; County Sealer of Weights and Measures Geo. McPhee; Attorney H. C. Head, Deputy County Clerk Joe Backs, County Clerk W. B. Williams; T. E. Stephenson, city editor of the Register; County Assessor Jas. Sleepor, County Purchasing Agent J. S. Perry, and Horace Fine of the Register.

## Ross McPhee Genial Host

A company of young friends of Ross McPhee gathered Monday evening at the home of his parents, Mr. and Mrs. George McPhee, for a period of music, feasting and games.

Yellow and white was the color motif for the house decorations, carried out with delicate narcissus combined with greenery.

After music had been enjoyed for some time, the company was called to the beautifully appointed dining room, where a big brown basket occupied the place of honor and overflowed with the narcissus and ferns. The cute little nut baskets were hand-painted and the places were marked with rabbits for the gentlemen and fluffy chicks for the ladies.

Yellow bon bon snappers were the favors and the gay caps added picturesqueness to the pretty scene. Yellow streamers extended from the chandelier to the individual candlesticks of hammered brass, which were shaded in yellow fringed shades. The sandwiches were served in big brown baskets tied with fluffy tulle.

After the delicious repast, the amusing game of "I Doubt It" was played.

The guest list included Mr. and Mrs. Roscoe Knight, Messrs Suzanne Calvin, Iva Marie Goodrich, Ethel Reinhart, Margaret Flagg, Ethel Riley; Messrs. Chas. Silvey, Chas. Gliven, Russell Johnson and Basil Smith.

## Day Nursery Tea

Mrs. J. G. Quick was hostess yesterday to ten ladies for whom she poured tea. The time was passed with needlework.

## GOT SECOND PRIZE

Fraternal Aid Union Drill  
Team At Whittier District  
Convention Monday

The district convention of the F. A. U. of Southern California was held at Whittier Monday and it seemed as though all things had worked in harmony to make this the best meeting of its kind ever held in the district.

The day was ideal and the ride to the beautiful little city, nestled among the orange and lemon groves with the foothills with their carpet of green for a background made a perfect place for the meeting.

The convention was called to order by the president, W. M. Stroud of Pomona, who gave an address of welcome and kindly thanked the members for the support he had received during the past year.

He then read an address of welcome from the Supreme Lodge relating to the financial standing of the order.

The report was full of facts and was an inspiration to the members present, reminding them that they not only belong to the best order but the growth promises to be one of the largest of all fraternal organizations.

The first hour of the convention was taken up by the general routine of business, after which Mrs. W. G. Gould of Santa Ana read a most interesting and instructive paper on "Convention Work." The paper was much appreciated by all present and gave much food for thought. It was delivered in her quiet and pleasing manner. At noon all adjourned for dinner and were escorted to the Congregational church, where the ladies had prepared a splendid chicken dinner.

The dining room, which was beautiful in its white finishing, was artistically decorated in the colors of the order.

The convention was again called to order at 2 p. m. when officers were elected for the coming year.

Mrs. W. G. Gould of Santa Ana was nominated president and it was soon evident that she was the choice of the convention. A vote was taken and a majority of more than three to one was given in favor of Mrs. Gould. The applause was great and the Santa Ana delegation felt much "puffed up." Mrs. Packard of Pasadena, formerly of Santa Ana, was elected vice-president, and Ella V. Bradford of Ontario, secretary and treasurer.

After the election, the officers were installed by State Manager L. E. Lee and immediately entered upon their duties.

Mr. Walker read a paper upon "The Business End of the Local Lodge," Mrs. Alpine of Pasadena read a paper upon the "Social Work of the Order." A silver cup, which is the property of the lodge making the greatest gain in membership during the year was surrendered by the Watts lodge to the Rainier lodge, the presentation being made at the evening session.

The evening session was taken up by the degree staffs of Santa Ana, Pomona and Mount Pleasant lodges. The work was exemplified in a splendid manner, the prizes being awarded to Pomona first, Santa Ana second and Mt. Pleasant third. Much to the regret of the Santa Ana staff one of its officers who carried a leading part was taken seriously ill and her place had to be filled by another member which probably lost the team the first prize.

In the president's presentation speech he gave Santa Ana lodge the honor by which this feature of the convention was brought about, it being the first lodge in the district having a degree staff.

At a late hour the convention adjourned to meet at Pasadena sometime during the fall.

A spirit of true fraternalism prevailed throughout the convention and newly-made friends were bidden good night.

The delegates attending from Santa Ana were W. G. Gould, J. Wiley Harris, Mrs. Clara McCord, Mrs. Fannie Lee, Mrs. Dora Trindle, R. J. Brown, W. H. Trindle and Hester Wallbridge.

## GREENVILLE WEDDING

Miss Bessie McClain Becomes  
Winsome Bride of Fred  
Nemec of Fullerton

The home of Mr. and Mrs. R. W. McClain at Greenville was the scene of a beautiful and impressive wedding last evening at six thirty o'clock, when their attractive daughter, Miss Bessie L. McClain, became the bride of Fred A. Nemec, a popular young Fullerton man.

Thirty guests witnessed the ceremony, at which Rev. G. W. Riggs of Los Angeles officiated. The home was artistically adorned with potted palms and ferns with a touch of color given by pink and white roses. The ceremony was performed in the parlor, the bride and groom entering unattended to the strains of Lohengrin's Wedding March played by Miss Ruth Armstrong, a close friend of the bride.

Miss McClain made a pretty picture in her robe of soft white georgette crepe with just a touch of blue and a brooch of crystal beads. She carried lovely white roses, and maiden hair ferns, which were later captured by Miss Julia Pavlich. The filmy veil was caught with fragrant orange blossoms.

Following the shower of hearty congratulations and viewing of the hosts of costly and useful wedding gifts, refreshments of ice cream, cake and fruit were served by the bride's brother and sisters, Charles, Anna and Sadie McClain. The beautiful wedding cake was cut by the bride.

Mr. and Mrs. Nemec departed for a few days' trip to San Diego, after which they will be at home at Fullerton, the groom being a machinist at the Olinda Oil wells. He is a graduate of the business college at St. Cloud, Wis.

The bride graduated from the Santa Ana high school in the class of 1914 and has many friends here, who will wish her and husband many years of happiness.

The parents of the bride celebrated

the twenty-seventh anniversary of their marriage, and Mr. and Mrs. Lou Cornman, uncle and aunt of the bride, were married twenty-six years ago on the same date.

Those present at the wedding were Mr. and Mrs. Lou Cornman, Mr. and Mrs. Alfred Bangle and Wallace Cornman of Artesia, Mr. and Mrs. J. R. Morgan and daughter Marjorie of Los Angeles, Mr. and Mrs. B. N. Chesley, Misses Bernice Jameson and Julia Pavlich of Santa Ana, Charles McClain of Pomona, Mr. and Mrs. R. L. Tedford, Miss Ruth Armstrong and Will Armstrong.

## NOT SO SURPRISED

Mrs. N. Gledhill Ready For  
Her Self-invited Guests  
With Clever Cake

Mrs. Nephi Gledhill was agreeably surprised by a number of her friends Tuesday afternoon at her home on South Sycamore street.

The ladies busied themselves with needlework throughout the afternoon, while fine gramophone selections, story telling and jokes added to their enjoyment.

The self-invited guests served a delicious two-course collation. At this juncture, the hostess surprised the surprised by passing around a delicious cake artistically decorated with the word "Surprised."

A beautiful hand-painted plate as a token of friendship was presented to the hostess. Sweet peas attractively grouped were the favors.

Mr. and Mrs. Gledhill are moving this week to their new home on South Birch street. "Say an revoir but not good-bye," were the parting words.

Those in attendance were Meses. H. Burson, J. F. Britton, Roy Warren, George Pickering, H. Gledhill, L. Stevens, John Strassberger, W. O. Packard, C. A. Lindquist, R. Sweazy, W. Bradshaw, C. T. Wells and Miss Ruth Burson.

**Farewell Dinner**  
Mr. and Mrs. N. J. Warner were hosts last night at a farewell dinner, their guests being their son, Ben H. Warner, wife and children. Mr. and Mrs. J. P. Baumgartner, Mrs. Ella Palmer and Miss Pauline Chandler.

The occasion also marked the birthday of Ben Warner and in his honor there was a beautiful birthday cake. The table was beautifully decorated with Cecile Brunner roses.

**Hard Times Social**  
The Woman's Auxiliary gave a jolly hard times social at Union Labor Temple last evening to union men and their wives. There was a large crowd and present were a judge and three

police men to arrest and fine all who did not appear in full uniform.

Misses Blanche and Glenagene Hill gave instrumental music and later played dance music, assisted by Mrs. Coe.

The Aphon Company, the members of whom are union people, gave some pleasing monologues, dialogues and vocal solos.

Pete Ludlow received the prize for the best man's outfit, the ladies' prize going to Mrs. W. O. Codling.

Hard times refreshments of apple pie and coffee were served and dancing, games and cards were enjoyed.

**Off On Extended Trip**  
Mr. and Mrs. J. P. Baumgartner and Mrs. Ella S. Palmer, accompanied by Mr. and Mrs. Ben H. Warner and children and Miss Pauline Chandler, started today via the Santa Fe for Columbia, Mo. Miss Chandler, who is Mr. Baumgartner's niece, is returning home, after spending the winter here, and the Santa Anans are going to spend several months on a large stock farm owned by Mr. Baumgartner in his native county.

"We may stay all summer," said Mr. Baumgartner, today; "but we've made plans and arrangements so that we can hike for home any time we get homesick or find the weather too uncomfortable."

**Bethany Girls' Meeting**  
The Bethany Girls' class of the North Methodist church held its monthly meeting at the home of the teacher, Mrs. J. W. Winslow, on Saturday afternoon.

The business of the class was dispatched and the meeting given up to the social hour and dainty refreshments. Mrs. Winslow was ably assisted by Misses Stella Anderson and Nellie Irvine.

The girls who enjoyed the pleasant afternoon were Meses Jane Jones, Ethel Klatt, Stella Anderson, Nellie Irvine, Lela Heil, Helen Von Allmen, Bernice Jameson, Blanche Anderson, Edna Michelson, Muriel Lee and Gladys Davies.

**For Mamas and Babies**  
A most delightful afternoon was passed yesterday afternoon, when Mrs. George McPhee and her daughter, Miss Muriel McPhee, entertained a company of their big and little friends at the home of Mrs. Barry McPhee on South Broadway.

The large invitation cards sent out by Mrs. McPhee were accompanied by tiny ones tied with blue ribbons bidding the babes to accompany their mothers.

The decorations were all carried out in pink and white and the entire time was taken up in watching the cute antics of the charming little folks.

## MONEY IN BANK TO PAY CHECKS, CASE IS NOW DISMISSED

Nelson J. Taylor and His Step-

Charge Tangle

Nelson J. Taylor went forth from the courthouse today free from all entangling alliances with checks that came back from Echo, Oregon, without having been paid by a bank at that place. The clouds that settled around Taylor and his bride of a week have cleared away, and a felony charge that was brought against Taylor ten days ago has been dismissed.

When Taylor gave Layton Bros., auto dealers, a check in payment for an automobile, he fully expected that his mother in Echo would see that the check was paid. It seems that his mother was ill, and the check came back. Taylor was arrested. Since then his stepfather came here from Echo, and financial affairs were cleared up so that a dismissal of the criminal charge was entered by Justice Cox this morning. The justice was convinced that Taylor did not

## COUNTY SCHOOLS ENTER MEN IN TITLE MEET

Several athletes of Santa Ana, Orange and Fullerton high schools are entered in the Southern California high school track and field championships at Long Beach Saturday afternoon. There is a record list of entries for the meet and Manual Arts, Pasadena and Redlands are picked as favorites.

Johnson of Fullerton is entered in the first 100-yard dash, and Emmert (F) in the second. Smith (F) is entered in the first and fourth 220-yard dashes and Raney of Santa Ana in the fourth.

Raney (S.A.) is entered in the first and third 120-yard hurdles and Johnson (F) in the first. Johnson (F) is entered in the first 220-yard hurdles and Raney (S.A.) in the third.

McCoy and Everett of Orange are entered in the 880.

Dean (F) and McCoy (O) are entered in the mile.

Santa Ana has two teams entered in the second heat of the relay.

Moyle and Trotter of Santa Ana are entered in the high jump and pole vault. Fullerton has three men entered in the latter event, Munger, Hale and Johnson.

Smith of Fullerton is the only man from an Orange county high school to be entered in the discus throw.

### AT THE COURTHOUSE

## 2 MORE GERMANS SEEK CITIZENSHIP OF UNITED STATES

Today another German filed a petition for final papers of citizenship, and still another took out his first papers. Daniel D. Gottlieb, rancher on Tustin avenue, Orange, asks for final papers. He was born in Bavaria, Germany, in 1872, and came to America in 1883. Witnesses who have known him five years are A. L. Hitchcock and Sam Jernigan.

### Divorce Granted

Yesterday Judge Thomas granted a divorce to Mildred Dutton against Earl Dutton of Anaheim. Clyde Bishop represented the plaintiff and Roger C. Dutton the defendant. Non-support was the ground.

### For Citizenship

Another German seeking American citizenship appeared at the courthouse yesterday and took out his first papers. He is Wilhelm Musseus, aged 54, born in Merlenburg, Germany, living on Anaheim R. D. 5, in this country since 1911.

## FINLEY PLAN TO BE BIG C. OF C. TOPIC TONIGHT

Supervisor Finley's plan to have the roads of the county placed under the supervision of an expert road man will be one of the big features of the discussions at the annual meeting of the Associated Chambers of Commerce to be held tonight in the banquet room of the I. O. O. F. Hall.

It will be up for endorsement or disapproval by the county organization, and the merits and demerits of the proposition will probably be discussed in full.

The attendance tonight promises to be a record breaker, as reservations already made exceed those made for previous annual meetings in this city.

The Chamber of Commerce of Tustin last night voted against endorsement of a bill presented in the legislature creating the office of county engineer and supervisor of roads.

Eleven voted against the endorsement and six in favor.

event the United States enters the war against Germany. The University of Washington has already taken such action and the athletic authorities at Stanford have expressed themselves in favor of supporting the Washington stand.

## DISCUSSES PORK BARREL IN ITS RELATIONS TO THE NATION

### A. J. Perkins Reads Paper Dealing With An American Problem

A very illuminating paper on a subject that ought to be of vital interest to every American citizen was presented by A. J. Perkins at the meeting of the Monday Club.

The subject was "The Pork Barrel" in American politics. Perkins discussed the theme under the following general heads: Pensions, Public Buildings, Preparedness (Army and Navy) and Ports (River and Harbor Improvement).

"I do not know how the term 'Pork Barrel' originated," said Perkins, "but it has come to mean an appropriation of money by Congress for a doubtful enterprise as part of a scheme of political patronage. In other words, if there is an enterprise that is intrinsically extravagant or unprofitable and unwarranted by conditions as they exist, then let the government shoulder this burden on the principle that Uncle Sam is rich and can afford it."

In taking up the matter of pensions the speaker disclaimed any hostility to those worthy veterans who fought and suffered in the nation's cause.

"Rather it is in justice to the real heroes of battles that we consider the abuses that have been introduced in their name and foisted upon a gener-

### Inactive Kidneys Cause Disease

"I shall not soon forget the benefits I derived from the use of Foley Kidney Pills."—AL A. Godfrey, Forest Grove, Oregon.

Too much work and too little work seem to have about the same effect on persons past middle age. Proper action of the kidneys is necessary to good health. They act as a filter and remove from the blood poisonous waste matter which if permitted to remain in the system leads to many complications.

Many nervous, tired, run-down men and women suffer from pains in the back and sides, dizzy spells, bladder weakness, sore muscles and stiff joints and fail to realize that rheumatism, diabetes or even Bright's disease may result. If you have cause to believe that your kidneys are weak, disordered or inactive you should act immediately. Foley Kidney Pills have been used by young, middle aged and old with complete satisfaction. They act quickly and surely and have given relief in cases of ten years' standing.

## You Can Make Excellent Cake with Fewer Eggs

Just use an additional quantity of Royal Baking Powder, about a teaspoon, in place of each egg omitted.

This applies equally well to nearly all baked foods. Try the following recipe according to the new way:

### CREAM LAYER CAKE

#### Old Way

1 cup sugar  
 1 cup milk  
 2 cups flour  
 4 teaspoons Royal Baking Powder  
 3 eggs  
 1/2 cup shortening  
 1 teaspoon flavoring

#### New Way

1 cup sugar  
 1 cup milk  
 2 cups flour  
 4 teaspoons Royal Baking Powder  
 1 egg  
 2 tablespoons shortening  
 1 teaspoon flavoring

Makes 1 Large 2-Layer Cake

**DIRECTIONS**—Cream the sugar and shortening together, then mix in the egg. After sifting the flour and Royal Baking Powder together two or three times, add it all to the mixture. Gradually add the milk and beat with spoon until you have a smooth pour batter. Add the flavoring. Pour into greased layer cake tins and bake in a moderately hot oven for twenty minutes. This cake is best baked in two layers. Put together with cream filling and spread with white icing.

## HAS FAR MORE GAS THAN IS NEEDED BY CITIES IT SUPPLIES

POMONA, March 28.—The sanding of an oil well in the Brea fields proved to be a blessing in disguise for the Pomona Valley. It forced the Southern Counties Gas Company, which supplies this district with natural gas, to go over into the Olinda district and tap a well which has more than doubled the pressure.

The company now has about sixty-two pounds of pressure where it used to have thirty pounds, and is running the gas through a reducer, at the old gas plant in this city, in order to pull the pressure down so the supply may be used for domestic purposes. The new supply of gas is also of a richer mixture. It contains 1175 heat units per foot while that brought in from Brea contained only 1059 heat units per foot.

Tapping the Olinda oil field now gives the Southern Counties Gas company a triangular supply from Olinda to Coyote Hills to Brea Canyon. The triangle was completed by the construction of five miles of line from Brea to Olinda. The Olinda well has been supplying Long Beach and the Coyote Hills well has been supplying Orange county towns. The company now has millions of feet of gas more than it has a market for.

Have you tried it? Mother's mush bread. Dragon.

## POLY BUTCHERS NORWALK HIGH TO 14-1 TUNE

After displaying ragged, inconsistent baseball for the last two or three games and registering error after error, Poly's baseball machine took a decided change for the better last evening and gave Norwalk High a pretty 14-1 lacing. Morrison was on the hill and the big right hander had 'em eating out of his paw. In the short space of seven innings he whiffed sixteen and granted only one measly hit and that of the scratchy, infield variety.

All the Santa Ana men fattened their slugging averages at the expense of Bell and Moffitt, the two Norwalk heavers, Tyrrell and Ober heading the list with three hits apiece. The third round proved the big spasm for Smith's cohorts, seven markers being rung up in this one inning alone. Bell was knocked out of the box and his successor was treated with about the same courtesy.

Against Fullerton last week the local aggregation was charged with ten bad errors. Last night not a single miff of even the slightest description could be marked after their records and Tyrrell, one of the former chief offenders in the poor fielding department, made two pretty foul catches.

The ball team tackles San Pedro on the local diamond this coming Saturday. With Burke on the shelf it is probable that Smith will take a chance and use either Vanderlip or Brooks on the slab, granting Morrison a well-earned rest.

The teams lined up as follows:  
 SANTA ANA NORWALK  
 Morrison ..... P. .... Moffitt, Bell  
 Holzgrate ..... C. .... McCoy  
 Ober ..... 1B. .... Inman

### MACHINES DAMAGED AND SO WERE APPLES

David Smiley, accompanied by his sister and another high school student going home in a machine, collided, yesterday afternoon, with a light truck owned by I. L. Ruben of Los Angeles, at the corner of Ross and Third streets.

Smiley was going north on Ross street and claimed the right of way. Each was going at a lively rate of speed, but no one was injured. The fender of Ruben's machine was badly bent and the front wheels of the Smiley car were splintered and the radiator smashed.

A man accompanying Ruben had two apples in his pocket and these were smashed into pulp.

## NEWPORT BEACH FRANCHISE FOR FERRY ORDERED ADVERTISED

Big New Improvement to Aid  
Coast Boulevard Cause  
Now Assured Fact

NEWPORT BEACH, March 28.—The proposed ferry operating from the foot of Palm street at Balboa to Agate avenue, on Balboa Island, is today an assured fact.

By the action of the board of trustees a new franchise was advertised for sale which it is claimed is all that the grantee desires, and bids for the sale of the franchise will be advertised for at once.

Trustees Helms, Robinson and Wilson waited on M. J. Monette a few days ago with a copy of the tentative franchise drawn up by the city attorney, but it is understood this document was not favorable to the grantee, who suggested several alterations and corrections in the original franchise as drawn up by City Attorney Bishop, the most important of which being the striking out of the clause whereby the city might acquire possession of the docks, slips and franchise after the period of five years.

Following the lines suggested by Monette, the city attorney drew up a new franchise which was submitted to the board and which it was claimed was entirely satisfactory to the Monette interests.

Upon motion of Trustee Robinson and seconded by Trustee Helms, the board passed a motion advertising the amended franchise for sale.

**Terms of Franchise**  
According to the terms of the franchise, the work on the docks and boat must be started within four months from the date of sale of the franchise and completed within eight months.

The grantee is obligated to spend \$25,000 upon each slip and \$9,000 upon the ferry boat which will have a passenger carrying capacity of fifty and carrying capacity for six autos. The grantee must make not less than ten trips per day and pay 2 per cent of the gross annual income to the city after the first five years of operation. The life of the franchise is twenty years with no restrictions regarding municipal ownership on or before that time, the speculative value of the franchise reverting to the grantee.

The operating of a team ferry between Balboa and the island and thence over the county bridge to the mainland will be an important factor in bringing about the coast boulevard through this section and as such it is welcomed by everyone in the city.

Efforts are being put forth in this direction at the present time by several committees appointed by the board of trustees and the chamber of commerce to boost for the coast road through this section and it is thought that the securing of a ferry across to the island will have an important bearing upon this matter.

Monette, it is said, has many other projects in view which are concerned with the development of his island and Palm street property, which will be of great benefit to the city as a whole, and it is confidently hoped that Monette will carry out his plans.

**Fix Water Piping Cost**  
The special committee from the board, appointed at the last meeting, to look into the matter of piping gas and water to the newly acquired territory of Newport Heights, submitted a partial report last evening which fixed the cost of piping water at \$370 exclusive of the construction of a 30,000-gallon storage tank and auxiliary pumping plant which are deemed necessary for an adequate distributing system.

Regarding the extension of the gas distributing system, the committee estimated that an expenditure of \$670 would be required to place the mains on extreme portion of the Newport Heights territory, but as the city was considering a deal with the new glass factory to sell its surplus gas, an arrangement might be made to considerably lessen this cost.

The committee was given another week to make a final report. The question of the opening of Cent-

## HOW GOOD THAT MUSTEROLE FEELS!

It Gets to That Sore Spot  
Like Magic

A-a-h! That's delicious relief for those sore muscles, those stiff joints, that lame back.

Musterole is a clean, white ointment, made with the oil of mustard and other home simples.

It does the work of the old-fashioned mustard plaster, minus the plaster and minus the blister!

You simply rub Musterole on the spot where the pain is—rub it on briskly—and usually the pain is gone. No mass, no bother. Just comforting, soothing relief—first a gentle glow, then a delightful sense of coolness. And best of all, no blisters like the old-fashioned mustard plaster used to make.

Use Musterole for sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet and colds of the chest (it often prevents pneumonia).

**MUSTEROLE**

tral avenue, from F street to the line of the shore end of the jetty, was brought up and plans for the matter in which the street should be widened and improved were discussed by the citizens present.

The main question involved was whether the cost of widening the street should be borne by a district lying east of Main street at Balboa or by the city at large.

**Discussions**  
As is usual in such discussions, property owners residing within the proposed assessment district on "general principles" vehemently declared themselves as favoring the city at large idea, while those residing in extreme localities, thought the work should be done through an assessment district.

The discussion arose out of the matter of securing the necessary right of way for a temporary railroad which will be necessary to handle the jetty rock, and after some time spent in discussing the proposition pro and con, no decided action was taken.

The board adjourned for one week.

## CHICAGO WINNING IN WHITE PLAGUE FIGHT

CHICAGO, March 28.—This city's battle against the Great White Plague will be won within ten years if the present decrease in deaths continues.

This announcement was made today by Dr. John Robertson, city health officer. Decreased consumption of alcoholic liquors, the Sunday closing law, purification of the city's milk supply and a general hygienic education campaign have made marked inroads against the yearly toll of tuberculosis, Dr. Robertson said.

"We are reaping the reward of persistent propaganda against disease," said he. "Insanitation, communicable methods of disease, public drinking cups, promiscuous spitting, bad housing, too much liquor and not enough outdoor have been fought."

**FOR YOUR CHILD'S COUGH**  
Here's a pleasant cough syrup that every child likes to take. Dr. Bell's Pine-Tar-Honey. If your child has a deep hacking cough that worries you, give him Dr. Bell's Pine-Tar-Honey. The soothing pine balsams relieve the cough, loosen the phlegm and heal the irritated tissues. Get a bottle today at your druggist and start treatment at once. 25c.

## THE TALBERT DREDGER MAKES HASTE SLOWLY

TALBERT, March 28.—The Newport dredger has left the Talbert bridge, where it has been undergoing repairs, and is moving down the west bank of the river where it will begin work on the south side of the road running by the Bickmore ranch, in a few days.

The moving process is exceedingly slow, as the dredger weighs about eighty tons and when propelled by its own power, as it is now, a half mile a day is considered an extra good rate of speed. It is two and one fourth miles from the bridge to the point where the work starts.

Louisa Bushard, road overseer of this district, is running the grader over some of the roads this week, smoothing them down.

## NOTICE TO SICK WOMEN

Positive Proof That Lydia E. Pinkham's Vegetable Compound Relieves Suffering.

Bridgeton, N.J.—"I cannot speak too highly of Lydia E. Pinkham's Vegetable Compound for inflammation and other weaknesses. I was very irregular and would have terrible pains so that I could hardly take a step. Sometimes I would be so miserable that I could not sweep a room. I doctored part of the time but felt no change. I later took Lydia E. Pinkham's Vegetable Compound and soon felt a change for the better. I took it until I was in good healthy condition. I recommend the Pinkham remedies to all women as I have used them with such good results."—Mrs. MILDRED T. CUMMINGS, 322 Harmony St., Penn. Grove, N. J.

Such testimony should be accepted by all women as convincing evidence of the excellence of Lydia E. Pinkham's Vegetable Compound as a remedy for the distressing ills of women such as displacements, inflammation, ulceration, backache, painful periods, nervousness and kindred ailments.

# SHOES AT YOUR OWN PRICE!

## TAKE THEM AWAY THE KAFATERIA SHOE STORE QUILTS BUSINESS

Like a bolt of lightning from a clear sky will come this announcement to people of this vicinity, and right before Easter too  
**\$10,000.00 Worth of Fine Shoes to Be Sacrificed For What They'll Bring**  
**JUST ONE YEAR IN BUSINESS AND NOW WE QUIT FOR GOOD**

—The tremendous increase in the cost of Footwear has forced the management of this store to decide on this course. When this Kafateria Shoe Store was started a year ago its policy was to give Santa Ana and vicinity a store where Footwear of the better sort could be bought at prices that would mean a real saving. In one short year this store has attracted to it a host of friends and customers.

—THE LAST SIX MONTHS HAS SEEN THE SHOE BUSINESS REVOLUTIONIZED—Footwear has mounted higher and higher until one has to pay an exorbitant price for an ordinary pair of shoes. UP TO NOW WE WERE ABLE TO PROTECT OUR CUSTOMERS AND SELL AS HERETOFORE, having large stocks bought 'way in advance, BUT WE ARE IN SIGHT OF THE END—Rather than sell our trade Footwear of inferior quality at the

old prices, or raise our prices a hundred per cent, we have decided to quit.

### TOMORROW Thursday STARTS THE GREATEST SELLING OUT SHOE SALE SANTA ANA EVER WITNESSED

—In order to make short work of this stock, we have taken drastic measures. We were closed all day Tuesday and today, arranging and marking this stock, and we have spared not one pair.

#### WE HAVE CUT, SLASHED AND HACKED THE PRICES UNTIL ONE MIGHT SAY, WE ARE NOT SELLING SHOES BUT GIVING THEM AWAY

—Remember this is not a sale of old stock, but brand new Footwear—Shoes and Slippers that embrace every wanted style for men, women and children—shoes from some of the best factories in America, so don't wait, but

COME TOMORROW—BRING YOUR FRIENDS—BRING YOURSELF—BUT BE HERE WITH THE OPENING OF OUR DOORS!

#### Remember—Opportunity Knocks But Once—Grasp it While You Can

—The stock is new, the styles are the best and the prices—well it would be foolish for us to try and give prices—you wouldn't believe us,—you must come and see for yourself.

### TUSTIN TUSTIN QUINTET TRIMS Y. M. C. A. OF SANTA ANA

TUSTIN, Mar. 28.—The R. R.'s of the Tustin Y. M. C. A. boys played a game of basketball Saturday night with the Amicitians of Santa Ana on the Congregational court and won the game sixteen to eight.

This closes a series of six basketball games played by the Tustin boys in which five games were won. Some indoor baseball games are now in progress, the season for which will close April 21, when a field meet for all the associations in the county will be held. The place where the meet is to be is yet to be determined.

The Boy Scout movement is being revived as the basketball season ends. There were fourteen boys in attendance last Wednesday night at a meeting held with Royden Ocmun, whose home at the Mojeda place on Main street is a fine meeting place for this purpose. Another meeting will be held this evening at the same place.

held at the Tustin Presbyterian church last Thursday. A good many of the ladies had attended the sessions of the annual Presbyterial, but the work of reporting was turned over to Mrs. T. R. Overton, who had prepared a full and interesting report of all the proceedings which engaged the closest attention of her hearers.

The program for the afternoon was in charge of Mrs. W. S. McDougal and Miss Addie Sheats and the result was a delightful afternoon with the subject, "Japan." A most interesting insight into life in Japan was given by Rev. Marsh of Fullerton.

Solos by Mrs. James S. Rice, accompanied by Mrs. S. W. Nau, and Miss Jessie Rawlings, accompanied by Miss Gertrude Uitt added variety and charm to the altogether delightful program.

#### W. C. T. U. TO MEET

The regular meeting of the Tustin W. C. T. U. will be held Thursday afternoon at the home of Mrs. Effie Crawford on Glen avenue.

#### ROLL CALL HELD

The annual roll call and reception to new members was an interesting service held at the Tustin Presbyterian church last Sunday.

The end of March closes the fiscal year and the names were called of all who are members at present. The names of several new members were added.

Mr. and Mrs. C. H. Cooley and little daughter Minnie accompanied by Mrs. J. W. Dryer, were visitors to Los Angeles Monday. Mrs. Dryer enjoyed a short visit to see her sister Mrs. Mary Brown at Altadena.

Miss Adeline Brin and Alfred Roth of Los Angeles were guests of Mr. and Mrs. C. H. Cooley last Sunday.

Mr. and Mrs. N. S. Long were visitors to Los Angeles last Sunday. Miss Ruth Parker of Orange was a week end guest of Mrs. Ira Leck. A picnic in Orange County Park with its boating, tobogganing and other delightful features was much enjoyed.

#### HEAD STUFFED FROM CATARRH OR A COLD

Says Cream Applied in Nostrils  
Opens Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more hawking, snuffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh disappears. Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed-up with a cold or nasty catarrh—Advertisement.

### BRIDGE COMPLETED AND OPEN TO PUBLIC

Talbert Dredger Delayed  
Twenty-four Hours  
For Repairs

TALBERT, March 28.—The new bridge over the Talbert-Newport drainage ditch at the foot of the Adams hill has been completed and open to traffic for several days.

S. E. Talbert drove the piling for the bridge and the remainder of the work was done by Mr. Selvidge, overseer of the Newport road district.

The Talbert dredger got to work again about 2 o'clock Wednesday afternoon after a delay in operation of about twenty-four hours while some repairs were being made. The repair work was done by a Los Angeles machinist.

The ditch now being dug is something over a mile in length and connects ditch number one with number two, which connecting with number three gives an outlet into the ocean.

The four mile joint Talbert-Newport drainage ditch was completed Tuesday of this week and the water from the old ditch turned into the new at Rice's point. One-sixth of the work was completed by the Talbert dredger, the amount being allotted according to the mile basis of the district. Twenty feet in width and five feet in depth is the average size of the canal.

Miss Grace Malan, who spent a week visiting her sister, Mrs. Harold Swift at Lakeview, and her cousin, Miss Alma Plavan at Perris, returned home last Wednesday.

REPLANTING OF BEET  
ACREAGE NECESSARY  
ON ACCOUNT OF SEED

F. D. Plavan has taken his caterpillar engine to his Greenville ranch, as practically all his work here is over for the present.

About fifty acres of the 300 planted to sugar beets is being replanted.

Many of the farmers have had to replant, the largest acreage belonging to any one party being 105 acres of C. Bickmore.

When it was first found that many of the stands were poor it was attributed to the rain beating the seed to a depth that they could not come up, but later it has been decided that it was owing to a poor lot of seed mixed with the good.

### CHURCH BEAUTIFIED FOR THE SERVICES

TALBERT, March 28.—The local church presented a spotless and beautifully decorated interior last Sunday, several of the members having taken much pains to beautify it Saturday. The lights, with which there had been trouble for some time, were also fixed so the large crowd present at the evening service was agreeably impressed with the change wrought by these willing workers.

### PERSONAL!

Millville Cal.—"I wish to tell you that I have used Dr. Pierce's Golden Medical Discovery in my family for 20 years. We have had a doctor called in but once during that time. I have a family of ten children, all well and hearty, for which, to a great extent, we owe thanks to you and your 'Golden Medical Discovery' and 'Pelllets,' which we use when sick."—Mr. C. W. FAWLEY.

#### THE NEWEST REMEDY

FOR  
Backache, Rheumatism and Dropsy.

Kidney, Bladder and Uric Acid troubles bring misery to many. When the kidneys are weak or diseased, these natural filters do not cleanse the blood sufficiently, and the poisons are carried to all parts of the body. There follow depression, aches and pains, heaviness, drowsiness, irritability, headaches, chilliness and rheumatism. In some people there are sharp pains in the back and loins, distressing bladder disorders and sometimes obstinate dropsy. The uric acid sometimes forms into gravel or kidney stones. When the uric acid affects the muscles and joints, it causes lumbago, rheumatism, gout or sciatica. This is the time to try "Au-uric," the new discovery of Doctor Pierce for Kidney trouble and Backache. Neglected kidney trouble is responsible for many deaths, and Insurance Company examining doctors always test the water of an applicant before a policy will be issued. If you wish to know your condition send a sample of your water to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., and describe your symptoms. It will be examined without any expense to you, and Dr. Pierce or his Staff of Assisting Physicians will inform you truthfully.
